Basics of Digitization

Tuesday, May 24th at 4:00p.m.

Lincoln Community Center Library

Creating digital copies of your beloved family photos and keepsakes are one of the base ways to preserve them. Join our digital collections library as you learn how to create and organize digital copies of your historical documents for future generations to enjoy. Topics such as storage methods, file naming, and organizational tips will be discussed, as well as an overview of scanning in the library's Heritage Room.

This event is free and open to the public. Registration is required.
