## BEARS OF THE WORLD

THE NATURAL HISTORY OF THE URSINE CLAN

**Tuesday, July 26 | 6:30-7:30pm**  
**Lincoln Community Room**  
**FREE, All ages welcome**  
**Registration recommended**

Join Scott Strasser for a presentation to learn more about the bears of Pennsylvania and beyond. We'll look at their ways of life, their interactions with humans, and the challenges facing them in the 21st century. This

is an interactive evening intended for all ages, with handouts, activities for younger participants, and plenty of time for questions.

You will leave this presentation either enjoying bears more than you already did, or appreciating them more than you may have ever imagined.

Thank you to the Friends of the Library  
for making this event possible.
