Cardboard Drive-In

@ Blasco Library

Pull your (cardboard) car right into the library and join us for a drive-in movie! Participants will cozy up in their cardboard vehicles while enjoying some popcorn and short films on a projection screen.

We recommend decorating your child's car at home ahead of time. Show off your family's creative skills! You can paint your car, create a plastic wrap windshield, add stickers, make working headlights, and more. The most creative cars will win small prizes.

If you don't have time or supplies, you can arrive early for an optional cardboard car workshop. The library will supply a limited number of boxes and decorative materials. If you want to join the workshop, please try to BYOB (bring your own box) to ensure we have enough to go around.

Thursday, August 18th

Optional Car Workshop: 5:30-6:45 p.m.

Showtime: 7:00 p.m.

Most creative cars will win small prizes after the show!
